REPORT OF SCHOOL BOARD

It seems almost unnecessary for the School Board to remind the citizens of Groton of their duty to the schools year after year, but we have a few parents who do not do their duty to the schools or their children either.

Our schools have been well sustained by all the teachers, but they have been prevented from making our schools what they should have been. Some parents seem to be very much afraid that their children will be imposed upon by the teacher or scholars. They need have no fear but their child will be used as well as he or she deserves; but even if the teacher does not do just as you think right that does not justify the parents in taking the part of the scholar thereby destroying the usefulness of the school for the rest of the term.

The teacher should feel that she has the sympathy of all the parents. What an inspiration a teacher would feel in her work if she knew that all the parents were in sympathy with all her efforts in trying to do the very best for their children. We do not expect perfect teachers or parents but the parents can at least let the teacher alone and not spoil the schools for those who wish to attend.

There is one other thing that causes more or less trouble in our schools. It is this, the child goes home and tells the parents that they have been punished for something that they were not to blame for, but A or B is

the one that should have been punished. Parents who have two or more children know how easy it is for one child to lay all the blame on the others when a parent has occasion to punish one or more of their children.

CHARLIE D. JEWELL, } School
JOSIAH WHEET. } Board.
